PROGRAMMING ACTIVITIES GRANT

The Student Government Association of Northern Kentucky University would like to welcome all applicable student organizations to apply for the new Programming Grant. The Programming Activities Grant is open to student organizations registered with NorseSync, and is not designed to be a form of permanent funding. The intention of grant money is to provide opportunities for student organizations to present quality programming for the NKU community. These funds are intended to be one-time program grants. The grant is to develop activities that, over time, will establish NKU traditions and contribute to students’ personal, cultural, social, educational, or career development.
