A RESOLUTION OF THE STUDENT GOVERNMENT ASSOCIATION OF NORTHERN KENTUCKY UNIVERSITY, HIGHLAND HEIGHTS, KENTUCKY, REQUESTING FURTHER ACTION TO FULLY IMPLEMENT THE NEW PRINT MANAGEMENT SERVICES PROGRAM BY BUSINESS OPERATIONS AND AUXILIARY SERVICES, A DIVISION OF THE OFFICE OF ADMINISTRATION AND FINANCE.

WHEREAS: The Print Management Services Resolution (SGA Resolution 2011-2012.018) was passed last year by the Student Government Association, and since then Print Management Services have been placed under Business Operations and Auxiliary Services’ control with a projected yearly savings of $244,762 according to a research study conducted by Northern Kentucky University and Prosource, and

WHEREAS: Printers are often out of order in high-traffic student printing areas such as the library due to age and use, as well as becoming obsolete, and

WHEREAS: New printers would alleviate this problem by eliminating downtime, saving both students and the library printing time, as well as saving other areas such as Information Technology valuable time and resources on printing maintenance, and

WHEREAS: The reduction of Information Technology’s role in printer upkeep and maintenance would allow more of their resources to be used to benefit students in other areas, and

WHEREAS: New printers will also have the option to accommodate double-sided printing, supporting NKU’s Go Green Initiative, and

WHEREAS: The ultimate goal of saving students money can be furthered by the full implementation of a process which saves the University money that can potentially be allocated towards reducing printing costs for students.

BE IT THEREFORE RESOLVED, ON THIS 17th DAY OF SEPTEMBER 2012 THE STUDENT GOVERNMENT ASSOCIATION REQUESTS FURTHER ACTION FROM BUSINESS OPERATIONS AND AUXILIARY SERVICES, A DIVISION OF THE OFFICE OF ADMINISTRATION AND FINANCE, TO FULLY IMPLEMENT THE NEW PRINT MANAGEMENT SERVICES PROGRAM.
